Bijorn Bullock is a manager in the FFP BVI insolvency & restructuring team. He has over seven years' experience in restructuring, cross-border disputes, and litigation in distressed and non-contentious situations as well as liquidation experience in the offshore banking industry, hotel, insurance, and property management. He has worked in Eastern Caribbean territories, and on engagements with operations and/or assets in the wider Caribbean, the United Kingdom, the United States, Seychelles, and European territories.

Prior to joining FFP (BVI) Limited, Bijorn worked at one of the big-four accountancy firms alongside voluntarily appointed liquidators to protect the interest of shareholders' investments from erosion. He has also worked with both creditor appointed, and court appointed receivers, liquidators, trustees and judicial managers.

Bijorn has worked on one of the first ever large-scale judicial manager appointments experienced in the Eastern Caribbean involving territories such as the Bahamas, St. Vincent and the Grenadines, Grenada, St. Lucia, Antigua, Montserrat, and Dominica. This involved the successful passing of a scheme of arrangement between a large multinational corporation and thousands of creditors. Bijorn's role included asset tracing and realisation across jurisdictions, sourcing of funding from regional governments and offices, providing updates to regional courts and governments, and the remittance of asset proceeds to thousands of global creditors.

After joining the FFP team, Bijorn has worked on a number of medium to high-risk appointments in the fiduciary and insolvency space, spanning a wide array of industries including property holding, trust, funds and cryptocurrency. His current role involves engagements with far reaching connections including South America, South Africa, Hong Kong, China, and Cyprus.

Bijorn is a Chartered Professional Accountant of Canada and a holder of a BA Hons. degree in Accounting and Finance. Bijorn has also completed a number of INSOL International's qualifications, the Foundation Certificate in International Insolvency Law, the Introductory Certificate in Insolvency Law and Practice in the Cayman Islands, and Future Leaders of the BVI.
