Carole Stewart is a manager specialising in the financial analysis and forensic accounting aspects of engagements to support the litigation teams. Working with the private client, fund administration and forensic and investigatory team she also manages a wide portfolio of complex, contentious and multijurisdictional structures and is responsible for the administration of both trusts and corporate entities.

Carole has over a decade of international experience working in the UK, Australia and Cayman Islands. Prior to FFP Carole worked for a number of large multinational banks both in the funds sector providing fund administration services to one of the world's leading asset manager and trust administration and accounting services to a range of private clients and family offices.

She has an extensive knowledge of hedge funds, funds of funds, and has worked with a wide range of structures, asset classes and jurisdictions. She also has experience in the transfer of trust assets and the winding down of numerous trust structures.

Carole is a Chartered Accountant and a member of the Institute of Chartered Accountants Scotland (ICAS) and is an associate of the Society of Trust and Estate Practitioners (STEP).
