Izanne Geldenhuys is a manager (Forensics and Investigations). Izanne focuses on forensic investigations and litigation support services either as a stand-alone service or associated with contentious or litigious matters where the FFP or the team are appointed as fiduciaries or liquidators.

Izanne has extensive experience conducting e-discovery, both AI assisted and manual review, projects to trace assets, reproduce accounts, originate claim and other causes of action or provide disclosure in litigation. With Izanne's legal background she is well placed to assist outside counsel in formulating litigation strategy and overseeing the execution of the strategy.

Izanne also provides assistance to our independent directors and liquidators in relation to corporate governance matters and has in-depth experience on banking and finance (in particular structured trade and commodity finance) transactions.

She is qualified as an Attorney, Conveyancer and Notary Public in South Africa (2015).
